

THE TRILLIONAIRE

Written for really bad animation by

Daniel Chavez

BILLY RODRIGUEZ (30's, too boring to be nerdy) is slumped at his computer in a tiny but well-laid-out apartment --

CRACK!! -- A SQUAD of SWAT team members break down the door and easily flood his apartment, meeting him at his desk.

SWAT TEAM MEMBER 1  
BILLY RODRIGUEZ, GET YOUR HANDS IN  
THE AIR. NOW!!

Billy is more annoyed than scared.

BILLY  
Let me guess. You're arresting me  
for being a "giant gaywad".

The SWAT team members look confused.

SWAT TEAM MEMBER 2  
What? Are we in the fifth grade or  
something?

BILLY  
(points to his big belly)  
You're arresting me for looking  
like i'm nine months pregnant since  
I was twenty one.

SWAT TEAM MEMBER 1  
You've had that belly since you  
were twenty one?

BILLY  
(thinking)  
Actually, it's probably something  
porn related...

SWAT TEAM MEMBER 1  
Well... yeah, it was because you  
watch incest porn.

BILLY  
There it is.  
(speaks into the air)  
Donaldson, tell my wealthy peice-of-  
shit cousin that his stupid prank  
didn't work... And that there's  
nothing wrong with incest porn as  
long as they're step relatives.

DONALDSON (40's, basically a James Bond wannabe) appears in the doorway, leaning in a tux with a glass of scotch.

DONALDSON

You know, you COULD tell him that... "opinion" you have on incest porn yourself.

BILLY

Oh no. I'm not speaking another word to him until he apologizes for turning my car into a sexist Transformer.

3

EXT. INTERSECTION - FLASHBACK - DAY

3

Billy's TRANSFORMER is lounging on the sidewalk in front of his apartment. Billy watches a woman walk by.

TRANSFORMER

Hey baby, I'd like to put my penis in your vagina... *if you know what I mean.*

BILLY

Could you not yell disgusting things to random women? And stop leaning like that. You're scratching the fender. I still have to turn you in when the lease is done.

TRANSFORMER

Geeze, don't get your tampon panties all period bloody... Tampon.

3a

BILLY'S APARTMENT - NIGHT

3a

Back on Billy and Donaldson.

BILLY

The AI wasn't very good back then.

DONALDSON

Let's pack it up, boys. Our elaborate prank didn't work. Apologies for interrupting your evening and damaging your rented door frame. Have a wonderful life, Billy.

The SWAT team members walk out.

BILLY

Oh, great, now you're doing the  
"reverse psychology" thing.  
Triggering to my fear of rejection  
by alienating me. Well it's not  
gonna work, Donaldson!

Donaldson closes the door.

BILLY (CONT'D)

Huh. That actually works really  
well. You know, I do miss him, and  
it's been pretty lonely lately.  
Maybe I'm being too harsh --

RUMBLE!! The whole apartment shakes violently.

OUTSIDE -- The whole apartment building is ONE HUGE  
TRANSFORMER!! With Billy's apartment in the center. Billy  
pokes his head out the window.

BILLY (CONT'D)

HE TURNED MY APARTMENT INTO A  
FUCKING TRANSFORMER?!?

DONALDSON

Correction. He turned your  
apartment into a QAnon Transformer.

Q TRANSFORMER

Let's get going. There's a  
pedophile ring disguised as a pizza  
place that I really need to visit  
after I drop you off at your  
cousin's boat.

The Transformer blasts off into the sky.

5

EXT. MIDDLE OF OCEAN - NIGHT

5

A private jet and the q transformer fly over the ocean. The  
camera pans to reveal... A dickboat.

10 times the size of the biggest cruise liner, the dickboat  
features it's own runway, amusement park, LED Sphere,  
complete replica of a neighborhood including a Toys R Us, and  
a Coachella-sized music festival that's currently raging with  
tens of thousands of people.

6 EXT. STAGE - NIGHT

6

The crowd is *massive*. A rainbow of people all happy and cheering. FSP's (40's, rich enough to be "eccentric" rather than "crazy") immense nude statue looms above the stage. The groin area is pixelated, but it's clearly exaggerated.

The private jet lands on the full sized runway, the transformer not too far away. A documentary starts on the massive screen.

7 FSP DOCUMENTARY

7

A still image fades in of FSP in a Jesus pose, floating in space for some reason.

NARRIATOR (V.O.)

This is FSP. A man who, to quote some very modest people, is "the greatest living being to have ever existed, or ever exist, in the universe". But who is he? Who is *FSP*.

GRAPHICS: FSP, GENIUS? VISIONARY? OR... VIGISONARY?

8 INT. LIVING ROOM - SOMETIME IN THE FICTICIOUS PAST - DAY

8

We're in a too-obvious-to-be-real poor people living room. FSP's mom SYLVIA (dramatization version), is holding BABY FSP while sitting on a ratty couch. She ignores the constant gunfire outside and bullets piercing the living room every two seconds.

NARRIATOR (V.O.)

FSP was born in one of the most "ghetto" areas of Los Angeles. Though his mother loved him, she was addicted to seventy-four different kinds of drugs and had thirty-two other children with fifty-four fathers.

SYLVIA

I wish I could keep you, but my drug-addicted ghetto life is no place for the smartest baby ever to be conceived and birthed.

BABY FSP

Shit, bitch, you're right! This world needs me right now!

(MORE)

BABY FSP (CONT'D)  
 (checks baby watch)  
 Oo, I'm late for my college  
 graduation. Peace out, mom.

Heavenly music. Baby FSP glows and floats out of mom's arms.

9 MONTAGE: RISE TO POWER

9

Clickbait headlines that say "Air Coin Now Official Currency of Paraguay" and "Provo Utah Now Called 'Smegmaville' After FSP Purchase Of City". A pic of FSP touching a glowing globe with some Saudi Princes. A pic of FSP diving into a pool filled with Lamborghinis.

NARRIATOR (V.O.)  
 Using his pure vigisonary talents,  
 FSP managed to emerge from his  
 humble roots to invent "Air Coin",  
 the first currency made out of air.  
 It revolutionized money, and  
 therefore society, as we know it.  
 Air Coin is now the official  
 currency of seventeen countries,  
 three disputed zones, and twelve  
 "alternative business" cartels.

Three pictures pop up. Baby FSP performing open heart surgery, FSP in his awkward 20's already losing his hair (basically that Elon Musk picture), and current FSP riding in a hot tub on the back of 4 elephants.

NARRIATOR (V.O.)  
 With hard work and boot strap  
 pulling, FSP rose from nothing to  
 become the richest man on the  
 planet.

10 EXT. BACKSTAGE - SAME

10

Billy and Donaldson watch this tripe.

BILLY  
 That's bullshit!! He won one of  
 those billion dollar lotteries  
 after his shitty emo band broke up.

DONALDSON  
 I assume the drug addicted mother  
 and constant gunfire was an  
 exaggeration as well?

BILLY  
No, he actually went easy on her.

11 EXT. STAGE - SAME

11

Screen goes dark. Music turns suspenseful.

NARRIATOR (V.O.)  
But tonight, FSP is proud to  
announce that he has become... THE  
WORLD'S FIRST TRILLIONARE!!

The crowd erupts! Fireworks! Flames! Lasers! "Angel of Death"  
by Slayer blasting!! FSP runs out onto the stage!

FSP  
THAT'S FUCKING RIGHT!! JESUS FIST  
FUCKING CHIRST I'M RICH AS FUCK!

The crowd cheers. He's obviously with his people.

FSP (CONT'D)  
I want everyone on this dickboat to  
know that this is just the  
beginning. We will growthly expand  
our bandwidth into the future!  
(crowd cheers)  
Synergize our outside the box!  
(crowd cheers)  
And we'll disrupt the low hanging  
fruit cloud based circle back and  
put a pin in it!!

The crowd erupts! Billy is confused.

BILLY  
He *still* hasn't updated his AI.

FSP  
But the most important thing isn't  
vast amounts of my totally deserved  
hard-earned wealth... It's *family*.  
Like my cousin Billy.

The spotlight hits Billy. The crowd awws.

FSP (CONT'D)  
Who calls himself that despite  
being a grown ass man. Hey Billy,  
remember when you pissed your pants  
in front of your fourth grade class  
because you had to read your report  
on New Zealand? Remember that?  
(MORE)

FSP (CONT'D)

That time you did a little pee pee down there? Remember?

Billy's not responding.

FSP (CONT'D)

Let's try to get him to piss his pants again. Co'mon, everyone, BILL-EE, BILL-EE.

The crowd cheers on Billy as he takes the mic.

BILLY

About an hour ago I was about to masturbate to some step-incest porn when a squad of highly armed SWAT team members barged into my apartment and held guns to my face. When I didn't fall for that prank my whole apartment turned into a massive transformer that not only took me captive against my will, but harassed seven different pizza restaurants looking for pedophiles. This was all put on by my asshole cousin who's too emotionally weak to apologize for the years of mental abuse and constant life-threatening situations he puts me in. My cousin is a selfish, disgusting person, and I think it's horrible that such a psychopathic person can wield so much power just because they have money. It makes me worried about the future of western society, let alone my own life.

For the first time, the crowd is quiet and confused.

CROWD MEMBER

Are you sure it was step-incest?

12

INT. FSP OFFICE - LATER

12

A massive glass dome on the crown of the dick boat, FSP's office has all the modern furniture, computer screens, and arcade machines any run-of-the-mill Gen X villain would have.

Billy apathetically sits in the Eames chair while FSP rants.

FSP

Why you gotta kill the mood like that? Incest porn? That's so disgusting. What sites are you getting it from so I'll know to avoid it.

BILLY

Dude, you kidnapped me by turning my whole apartment building into some nut job transformer!!

FSP

Great, another Transformer related crime to add to the list.

(mocking)

"The Transformer spilled my stuff in the ocean." "The Transformer almost crushed me trying to transform on the freeway just to yell at a woman with a 'coexist' bumper sticker." "The Transformer is fomenting unrest at the state capitol when I need to go to work." "My name is Billy, pppbbttthhh."

BEN SHAPIRO (O.C.)

I bet that patriot transformer... "woke"... everyone up about election fraud!

Billy looks over to none other than BEN SHAPIRO, who kinda appeared out of nowhere.

BEN SHAPIRO (CONT'D)

Why isn't anyone laugh --

BILLY

The fuck is Ben Shapiro doing here?

FSP

He's my new political consultant. But yeah it's really easy to not notice he's there.

BEN SHAPIRO

I've been here for three hours --

BILLY

So you're using this eternally prepubescent failed screenwriter to get into politics? You might as well buy Facebook and go full Elon Musk.

RECORD SCRATCH! Billy looks over to a guy at a DJ booth labeled "Elon Musk Record Scratch Guy"

BILLY (CONT'D)

I REALLY need to pay more attention to my surroundings.

FSP

Fuck. Elon. Musk. That hair plugged South African manbaby was still getting his prostate milked by his dad's emerald dildos when I won that billion dollar lottery. Yet *he* blocks *my* entrance to the Illuminati?!

BILLY

O-k, Time to go. We're now in conspiracy theory territory.

Billy walks to the glass tube elevator.

FSP

The Illuminati is real, Billy!

BILLY

Yeah yeah, just like the Lizard People, the Free Masons, Mothers Against Drunk Driving --

FSP

Hey! Mothers Against Drunk Driving now control half of South America!

Just then, BEATRIX (30's, tough but overworked career trans woman) ascends in the tube elevator. Billy is captivated.

BEATRIX

Hey! Welcome back, Billy.

BILLY

Beatrice! Hi. Thank you... for welcoming me back. That was nice. I was just gonna go find my apartment transformer and go back home.

FSP is clocking this exchange.

BEATRIX

About that, see, after it dropped you off here, it went to go save some children trapped in the basement of a pizza place.

(MORE)

BEATRIX (CONT'D)

Turns out the pizza place is now a Chipotle, doesn't have a basement, or captive children. The jolt of reality sent it into an existential crisis, and it decided to commit suicide by cop. So your stuff is in possession of the county coroner, and has lots of bullet holes in it.

BILLY

Oh. Well, it's no big deal --

FSP

What the fuck!! Now it's no big deal?? You have a crush on her, don't you? You know she has a penis, right?-- Dammit!

Beatrix inputs something on her iPad.

BEATRIX

By court order every time he says anything discriminatory about race, gender, religion, or sexual orientation, he has to pay the employee one million dollars. Two more times and I can get a nice two-bedroom house in LA.

Graphics on FSP's massive monitor now show he's worth \$999,999,000,420.69.

BILLY

Ha! Because of your idiocy you're not a trillionaire anymore --

Ding! He's back to a trillion.

BILLY (CONT'D)

Oh what the fuck.

FSP

Takes money to make money. Well that and a crippling hold on the economy of many nations.

Just then, Donaldson blips on the screen.

DONALDSON

FSP, seems like we got a situation that could use your attention.

FSP

I told you to kill all those brain-chipped monkeys before they foment a rebellion!

DONALDSON

I'm afraid it's worse than that.  
*You're being cancelled.*

13

INT. SOCIAL MEDIA CENTER - LATER

13

NORAD meets Star Trek, but for way less important matters.

Donaldson, with scotch in hand, power stomps past the techs at their stations. FSP, Beatrix, and Billy follow.

DONALDSON

It happened ten minuets ago and is getting over one million views a second. This could set your net worth back *billions*.

FSP

Dammit. Give me the full report.  
How's my socials doing in Canada?

SWISH PAN: To the Canadian team, drinking bottles of maple syrup out of hockey sticks.

CANADIAN GUY

(strong accent)

Oooo Sore-ee, it's noot lookin too good, eh.

FSP (O.C.)

What about Australia?

SWISH PAN: To the Australian team, including a full on kangaroo, all typing with boomerangs.

AUSSIE GUY

(strong accent)

Your heaps of followers have buggy booded gabla bugga woomba!

FSP (O.C.)

And what about China?

SWISH PAN: To the Chinese team, which are just normal Asian Americans.

CHINESE GUY  
 (surfer accent)  
 Uh, shit's fucked up, yo.

ON SCREEN: An image of FSP's handwritten book report, with poor handwriting on double lined paper.

DONALDSON  
 Someone found FSP's tenth grade book report on Huckleberry Finn, where he spelled out the N word instead of writing "N word".

BILLY  
 THAT'S what he's getting cancelled for?! He didn't even spell it correctly! AND he used the number eight instead of a G!

FSP  
 I spelled it that way because I didn't feel comfortable actually spelling the word out. Little woke-ster, I was.

BILLY  
 Right, such a high-level of cultural understanding coming from a kid who was reading a fifth grade book in the tenth grade, AND using double lined paper from the third grade.

FSP  
 At least I don't get triggered by a Transformer who doesn't agree with your worldview! And when he broke your leg trying to kidnap that female Democratic governor, who paid your medical bills like a true socialist!? Me! But nooo, you never give me credit for that.  
 (thinks)  
 Also, like a true socialist.

BILLY  
 YOU SET UP A GOFUNDME! You, the richest man in the world, somehow got on Twitter and --  
 (something hits him)  
 Wait a second.

Billy looks at the data on the screens. Calculating.

BILLY (CONT'D)  
 (dramatic)  
*This is weaponized cancel culture.*

The group is shocked. Billy approaches the monitor.

BEATRIX  
 That's not at all what I thought he  
 was going to say.

FSP  
 Yeah. I thought he'd say how he  
 wants to wear your cock like a  
 hat... DAMMIT!

BEATRIX  
 (on her iPad)  
 That house couldn't come sooner.

Billy turns dramatically.

BILLY  
 Over the years, you have done many,  
 MANY things that SHOULD have gotten  
 you cancelled. Overthrowing the  
 government of Montenegro because  
 they refused to change their name  
 to "Monte-NEE-grow", encasing one  
 hundred million dollars in six feet  
 of ice and dropping it off in a  
 poor area, and worst of all, having  
 Joe Rogan be satisfied with all of  
 your answers to his "questions".

FSP  
 Hashtag justtrillionairethings?

BILLY  
 So it doesn't make sense that this  
 book report would gain so much  
 traction. Donaldson, what platform  
 was this released on?

DONALDSON  
 Twitter, well, now known as X --  
 (realizes)  
 Oh no, it can't be.

BILLY  
 That's right. *Elon Musk.*

RECORD SCRATCH! Same guy, different location.

BILLY (CONT'D)

Do you just follow him around all day?

FSP

That's some good thinkin, Billy. I'm surprised that none of my highly paid staff were able to come to that conclusion. Especially those Chinese kids --

(looks at Beatrix and her iPad)

... who suck at math and building railroads...?

BILLY

Well I could give a long winded explanation about cronyism, sycophants, and your obstreperous work culture, but since none of those words are spelled with numbers I'm sure I'll lose your attention right about... now.

FSP

(not paying attention)

Can a Giraffe throw up?

BILLY

I'm going to bed.

Billy leaves.

FSP

I mean their necks are really long.

13a INT. BILLY'S DICKBOAT APARTMENT - NIGHT

13a

Nestled within the massive left testicle of the dickboat, Billy and Beatrix walk down a long hallway.

BEATRIX

Listen, I understood those obscure words you snarkily used to on your cousin... and you're right. FSP is going full Howard Hughes by surrounding himself with yes people. Just last month he inked a deal with Adidas to release his "Tissue Box" sneakers.

BILLY

You know, after Yeezeys and Crocs,  
tissue boxes did seem perfectly  
normal.

BEATRIX

Here's your unit.

Billy uses his fingerprint to enter the apartment... and it  
looks exactly like his former apartment, with all his stuff,  
and a balcony overlooking the dickboat.

BEATRIX (CONT'D)

We managed to find exact copies of  
most of your stuff, except those  
expired "boil-in-bag" meal  
seasoning packets. Some of them  
were five years old.

BILLY

I always want the pot roast on the  
front, but then I realize that it  
takes over an hour to cook... and I  
usually forget to by the roast too.

BEATRIX

Listen, I know it's hard to have a  
cousin like him in your life, but --

BILLY

He really needs me, I know. I've  
heard that so many times before.

BEATRIX

No, the WORLD needs you. This guy  
is a *trillionaire*. If he goes off  
the deep end he could literally  
destroy the fabric of society. You  
know how hard it is to keep  
Vladimir Putin away from him?

BILLY

Oh, yeah, that's terrifying. But we  
still... you know... have our --

BEATRIX

I have a boyfriend.

BILLY

Wow, that was abrupt.

BEATRIX

Yeah, kinda like how you ghosted me  
after our first date.

BILLY

Who brings up credit scores on the first date?!

BEATRIX

You know how many men before you I had to bankroll? One! And I'll have that thirty day late payment on my record for ever!

BILLY

Just get my idiot cousin to sexually harass you a few more times and...

They look at each other as the epiphany hits them.

BEATRIX

Give the money away...

BILLY (CONT'D)

Give the money away...

13b INT. FSP'S HARKONEN BATH - NIGHT

13b

In the center of a brutalist concrete box, FSP is soaking in a square tub filled with black goo. His weirdly futuristic servants stand in patterned formations around him. Billy and Beatrix are at the foot of the tub.

FSP

Give my money away? What kind of communist bullshit is that?

BILLY

Oh I'm sorry, I forgot the part where we suggested that you should seize the means of production.

BEN SHAPIRO

Sounds like these "wokesters" drank a little too much of the liberal kool-aid.

Ben, dressed in future wear, startles everyone.

BILLY

You watch him while he's taking a bath?

BEN SHAPIRO

No, I'm in charge of the floating mechanism that pulls him out of the tub.

BEATRIX

(back to FSP)

I know it's hard to understand, but many of the problems the world is facing right now stems from the wealth gap between the rich and the poor. People can't afford much of what it takes to live a comfortable life because too much wealth is being funneled to the top one percent.

FSP utters a small, but apathetic cough.

BILLY

Oh fuck you. If it wasn't for all those people buying lottery tickets, there would be no billion dollar lottery for you to win. If people didn't believe that Air Coin was worth anything, you wouldn't be a trillionaire. Without people, you mega rich assholes would be stuck trying to fail your way up the chain at some lame corporate job. That's why this cancellation is costing you money. People aren't buying your bullshit anymore and are this close to bringing out the guillotines.

This actually gets through to FSP.

FSP

So you're saying I should just pay people to like me? That's genius!

BILLY

*That's* what you got out of my rant?

FSP

Ben Shapiro! I'm done with my bath.

FSP floats out of the goo. Billy braces for penis, but he sees nothing.

BILLY

Are you wearing underwear or something?

BEATRIX

Nope, he's completely naked.

BILLY

Wow, it's like a Ken doll --

FSP

THIS GOO IS REALLY THICK, OKAY?

CUT TO:

CHRYON: SOMETIME LATER

FADE IN:

14

INT. FSP'S OFFICE - SUPER BOWL AD - DAY

14

FSP is lounging in his Eames chair. Dickboat behind him

FSP

Hello, I'm FSP, the world's first Trillionaire. I want to take this very expensive time during the Super Bowl to apologize to everyone for... misspelling the N word... twenty five years ago.

CUTAWAYS: People at Super Bowl parties rolling their eyes.

FSP stands, slowly walks to camera left.

FSP (CONT'D)

But I know this is just another lame apology from an out-of-touch rich person. So to show how truly sorry I am, I'm going to give every American... *ten thousand dollars!*

Confetti! Two oversexed women roll out a pile of money.

FSP (CONT'D)

That's right, every loud-mouthed, medical bill-fearing, chemical-fed American will get my money. This isn't a charity thing, or a "save the baby whales with puppy cancer" thing. I'm not gonna put my name on some dumb library that a front for money laundering, or a charitable foundation that launders money, or an art museum that also launders money. And [beep] all those fly-ridden starving kids in those loser countries.

(MORE)

## FSP (CONT'D)

It's just me, giving you, money,  
out of the goodness of my heart.  
And to not be cancelled.

CUTAWAYS: The partiers cheer and now love FSP!

15 MONTAGE: FSP GIVING MONEY AWAY 15

Social media clips, news headlines, all praising FSP. ECONOMY SKYROCKETS! PORNOGRAPHY BACK TO BEING A PROFITABLE BUSINESS! MILLIONS FORGO DEBT PAYMENTS TO TRY THEIR LUCK AT SPORTS BETTING! ANIMAL BASED CRYPTO CURRENCIES SURGE!

16 INT. HOUSE - DAY 16

A FATHER bursts into his house, his FAMILY is at the couch.

## FATHER

I WAS going to use FSP's money to  
fix the carbon monoxide problem,  
but I thought, what the heck, I'll  
buy DOGECOIN!

The family cheers! Then one of the children collapses.

17 INT. TICK TOK BEDROOM - DAY 17

A YOUNG GIRL is sitting in front of a wall of Stanley Cups.

## YOUNG GIRL

Okay, so I got this limited edition  
Stanley cup for five thousand  
dollars off eBay --  
(spills on herself)  
I should get the "lid" accessory.

18 EXT. APPLE STORE - DAY 18

A line of people in front of the store. Two APPLE NERDS are live streaming.

## APPLE NERD 1

We're here at the Apple store to  
spend FSP's money and get the new  
Face Computer!

## APPLE NERD 2

It's like a computer, FOR MY FACE!

APPLE NERD 1  
 WOOOOOO!! FUCK YEAH FSP!

END MONTAGE:

19 EXT. LAZY RIVER - DAY

19

FSP and Billy float on inflatable donuts in a huge lazy river that winds through elaborate pools and lounging people. In the center is a 100ft tall LED sphere.

FSP

Well cuz, I gotta say your plan worked. The people love me! The Dodgers even replaced that statue of Jackie Robinson with a statue of that time I ran naked on the field.

BILLY

Okay, ignoring that for now... me and Beatrix came up with the plan. I was just better at convincing you to go along with it.

FSP

Yeah. It's good to have you around. You're good at that Rage Against The Machine stuff, before they went all communist.

BILLY

You mean speaking truth to power?

FSP

Gesundheit.

BILLY

That didn't sound like a sneeze --

FSP

But you know what the best part about this is?

BILLY

I'm not even going to guess --

FSP

That this *must* be pissing off the Illuminati!

BILLY

-- and that's why.

FSP

If there's one thing they hate,  
it's when people get free money. It  
disrupts their globalist "new world  
order". Where they keep a grip on  
power by hoarding wealth and  
leaving just enough for the common  
person --

BILLY

FSP! The. Illuminati. Does. Not --

20 EXT. PARADISE COVE - NIGHT

20

The ominous music doesn't match the white concrete modern mansion near the ocean.

CHRYON: PARADISE COVE - ILLUMNATI HQ

LARRY PAGE (O.C.)

*I, Larry Page, founder of Google,  
hereby decree that this meeting of  
the secret order of the Illumnati --*

BILL GATES (O.C.)

Larry, can you hear me?

21 INT. PARADISE COVE - SAME

21

In the massive modern meeting room, which has one wall completely open to the ocean views, LARRY PAGE is facing a massive monitor with many Zoom calls, including GEORGE SOROS and BILL GATES. At the long table behind him sits JEFF BEZOS, LARRY ELLISON, WARREN BUFFET, and ELON MUSK.

LARRY PAGE

Yes, Bill, can you hear --

BILL GATES

Can you hear me?

JEFF BEZOS

Looks like Bill Gates should have  
stuck with Skype!

LARRY PAGE

Turn your volume up!

WARREN BUFFET

Why do you young people like  
building houses that are missing  
walls. It's freezing in here!

LARRY ELLISON

Some of us like unobstructed views of the ocean, not the decayed wallpaper of some victorian vampire house like our last meeting place.

WARREN BUFFET

Oh, you like views? I know a company that is R&Ding a solution for that. It's called GOING OUTSIDE.

BILL GATES

Wait, I can hear everyone now.

LARRY PAGE

Okay.

(clears throat)

*I hereby decree this meeting of the Illuminati is commenced. Please welcome our leader... JAY-Z.*

SWISH PAN to the one and only JAY-Z! He takes a seat at the head of the table.

ILLUMNATI

(unison)

*All hail our esteemed leader --*

JAY-Z

Yeah, okay. That chanting shit creeps me out. Let's get right to the docket. FSP's stunt is gettin out of hand and we gotta stop him quick. That's why I called the biggest secret societies to this meeting. The Free Masons --

ANGLE ON: A group of white men in suits.

JAY-Z (CONT'D)

-- Skull and Bones --

ANGLE ON: More white men in suits.

JAY-Z (CONT'D)

And Mothers Against Drunk Driving.

ANGLE ON: White women, also in suits.

JAY-Z (CONT'D)

Now, since Elon's cancellation didn't work --

ELON MUSK

I blame the lame-stream media. As a free speech absolutist myself --

JAY-Z

You should be blaming yourself. You're the one that blocked his membership after he correctly pointed out that you have hair plugs.

ELON MUSK

Yeah, I mean, should I have just let him say whatever he wants?

LARRY ELLISON

I think you and the word "absolutist" need to have some ex-sex.

WARREN BUFFET

Oh stop it! FSP is gaining power by the day. He's worth more than all of us combined and can disrupt the New World Order we've spent decades establishing!

JEFF BEZOS

Can't we just blame it all on George Soros like we usually do?  
(to George)  
No offense, George.

GEORGE SOROS

None taken. I've been the "boogeyman" since nineteen sixty --

JAY-Z

BUT, we got an ace up our sleeve. Something that FSP will never --

BILL GATES

Is it Ben Shapiro?

A beat.

JAY-Z

Yes. Yes it is.

JEFF BEZOS

Man, that predictable plot twist was right out of a Ben Shapiro screenplay!

The group laughs at this.

BEN SHAPIRO  
Um. I'm right here.

This startles the Illuminati! Ben Shapiro has been sitting at the table the whole time.

EXT. FSP VILLIAGE - DAY

22

Billy is standing in the middle of a re-created neighborhood of all of FSP's favorite businesses and hang-outs. Including the last known Toys R Us, which is having a 50% off sale for some reason.

BILLY  
(under his breath)  
Wow. Couldn't even make money when he owns the whole store.

KINGSLEY (O.C.)  
Fifty percent off? He couldn't even make money when he owned the store!

Billy turns to see Beatrix laughing at KINGSLEY NWOKEBIA'S (30's, annoyingly perfect) joke. She spots him.

BEATRIX  
Oh Billy! I want you to meet my boyfriend, Kingsley.

KINGSLEY  
Billy! I finally get to meet the man himself. Bring it in!

Kingsley pulls Billy in for a hug, but since he's so tall it looks like a dad hugging a kid. Ear-to-gut.

BILLY  
Nice to meet you. That's a nice digestive system you got there.

KINGSLEY  
Hey! Me and Bea are headed out to volunteer at the animal shelter. It's "Bark Beat" night, where I read some beat poetry to shelter dogs. You should come along!

BEATRIX

Kingsley was a poetry teacher at a disabled girl's school in Fallujah during the Iraq War, and he wasn't even in the army!

KINGSLEY

Just trying to make up for the atrocities the west was committing, *one line at a time.*

Awkward pause as Beatrix and Kingsley wait for a fawning reaction from Billy...

BILLY

Cool. Well, I'm gonna go do as much nothing as possible and still feel good about myself.

KINGSLEY

Well, if you like doing nothing there's an anti-capitolisim meditation protest happening this weekend to bring awareness to what's happening in Paraguay. We'll be "transcending against transactions."

This catches both Billy and Beatrix.

BILLY

Wait, what's happening in Paraguay?

KINGSLEY

Their economy is tanking ever since FSP made more Air Coins to give Americans money. It's not really covered in the news since most people think "Paraguay" is a type of cheese.

Billy and Beatrix are in shock.

BILLY

What's his net worth at?

Beatrix looks at her phone.

BEATRIX

One trillion, two billion, and eight thousand eight dollars and twenty cents. Which spells out "boobs".

23

INT. SOCIAL MEDIA CENTER - LATER

23

FSP barges in. Beatrix and Billy are monitoring the situation.

FSP

I had to leave my seven pm midget orgy. This better be --

DING! He lost another million.

FSP (CONT'D)

Dammit! "Little people" orgy, okay?

BILLY

Why did you create more Air Coins?? I said to give away your own wealth!

FSP

No you didn't! I distinctly heard you say "pay people to like you. My back hurts from having such a big belly. My name is Billy, PPPBBTTHH".

BILLY

Well now due to your selective hearing, Paraguay is on the verge of economic collapse!

FSP

You mean the cheese?

A NEWSCASTER chimes in.

NEWSCASTER

We're getting word that many of the countries that adopted "Air Coin" are on the brink of economic ruin. This has caused a chain reaction in global markets, and could send the world into a recession.

The trio is dumbfounded. Each of their faces are in shock.

BILLY

Well, I helped make this mess. I guess I have to stick around to help fix it.

BEATRIX

It's gonna be good to have you around.

FSP

If the giraffe bends it's neck  
down, that might create a siphon  
effect for the vomit...

Billy facepalms. Ben Shapiro enters about to say something,  
but notices what's happening and backs away slowly.
